

With only the lawn and beach between you and the water, the one-level Oceanfront Home features three bedrooms and three bathrooms with 1727 sq.ft. of finished living area and an easy flow from room to room. Add in the 700 sq.ft. of decks, and the combined indoor/outdoor living space measures 2427 sq.ft. Dramatic high ceilings and clerestory windows brighten the home while floor to ceiling windows maximize the outstanding views and allow light to flood these single-family homes. The oversized 288 sq.ft. garage makes parking and storage simple and convenient.

Layouts are not to scale and are for general information purposes only. All square footages, dimensions and layouts are approximate and should not be relied upon. E & O.E
