

With three bedrooms and three bathrooms, the Oceanside Home offers relaxed, easy living. Inside, the inviting open concept has 2252 sq.ft, including a basement flex room. The indoor and outdoor living space combines to 2531 sq.ft. over two floors. Clerestory windows brighten the home while floor to ceiling windows showcase the ocean view. A 274 sq.ft. oversized single garage and 253 sq.ft. crawl space provide plenty of storage space. With 532 sq.ft. of patios and decks, these generously sized duplexes capture the essence of life beside the ocean.
